2. INSTITUTE OF TRANSPORT STUDIES – MONASH UNIVERSITY

Transport education and research programs have been offered at the Clayton campus of Monash University for over 40 years. Over this period these programs have developed a deserved national and international reputation in the transport field. In recognition of their excellence, the Federal Government provided funding to Monash University and the University of Sydney for the establishment of the Australian Key Centre of Teaching and Research in Transport Management. The Centre, which commenced on 1 July 1995, is known as the Institute of Transport Studies (ITS) and has one node at Monash University and the other at the University of Sydney. The mission of ITS (Monash) is to progress transport knowledge and practice.

ITS (Monash) is the service provider for the Transport Management Course in Bus and Coach Operations in Victoria. The course was developed under contract to the Department of Infrastructure, now known as Public Transport Safety Victoria (PTSV), in conjunction with Bus and Coach industry experts. The course was favourably reviewed in October 2000 subject to certain modifications. The modified course structure was introduced in 2001.

3. COURSE CONTACT DETAILS AT ITS (MONASH)

Enrolment Enquiries: Administration Manager Tele: (03) 9905 9627
Course or Exam Content Enquiries: Course Leader: Tele: (03) 9905 3894

A Voice Mail Service is available on these numbers to leave a message.

4. COURSE OBJECTIVES

After completing this course, course participants should be able to:

- identify and fulfil the safety, maintenance, service and legal obligations of an accredited operator;
- prepare and read financial statements, costings and tender documents for operating a bus service;
- utilise survey data, government legislation and technological changes to plan, develop and market a bus service; and
- plan the management of an effective and efficient workforce, whilst meeting industry best practice by applying the concepts of human resources management to a bus operation.
5. TRANSPORT MANAGEMENT COURSE AND ACCREDITATION

One of the objectives of this course is to enable course participants to identify and fulfil the safety, maintenance, service and legal obligation of an accredited operator in the Bus and Coach industry. For the purpose of meeting this objective, the course has been designed around the accreditation categories granted by Public Transport Safety Victoria (PTSV). Those accreditation categories requiring completion of courses fall into two broad groups:

- **S-type** accreditation is available to operators of five or less scheduled route buses (e.g. school bus services) who do not engage in any commercial charter or tour operations.
- **Non S-type** accreditation (e.g. AO and AC) is available to operators of all other types of services including commercial charter or tour operations.

Intending participants in the course must check with Public Transport Safety Victoria (PTSV) to obtain advice on the relevant accreditation category*.

*Course participants must ensure that they contact Public Transport Safety Victoria (PTSV) to ascertain the accreditation category that applies to their bus and/or coach operation (Telephone: 03 9655 8949 or Country Victoria 1800 888 949).

6. COURSE CONTENT STRUCTURE

The type of accreditation being sought determines course content structure.

**S-type Accreditation (5 or less school buses only)**

Course participants seeking this type of accreditation need only complete one subject:

- Subject 4101: Introduction to Legislation and Operations

**S-Type and/or Non S-type Accreditation**

Course participants seeking all other forms of accreditation must complete four subjects:

- Subject 4101: Introduction to Legislation and Operations
- Subject 4102: Financial Management
- Subject 4103: Human Resource Management
- Subject 4104: Marketing, Planning and Operations

Subjects 4102 and 4104 have a built-in facility for distinguishing between the various service accreditation operator requirements. Alternative examination questions offer a choice to course participants to allow them to demonstrate their competence for the type of accreditation they seek.

25. RECOGNITION OF PRIOR STUDY

25.1 What is Recognition of Prior Study (RPS)?

Recognition of Prior Study (RPS) is the recognition, or credit, given for a subject, or subjects in a relevant course. It is determined on an individual basis and involves judging the equivalence of previous study. Enquiries and applications are to be forwarded to the Course Leader, Transport Management Course.

An assessment fee applies to each subject for which RPS is sought. An enrolment fee applies in the event that a Bridging Module needs to be administrated.

25.2 RPS Exemptions

Full or partial course exemption may apply if you have:

**Category A:** Successfully completed the course in Transport Management at the University of Sydney

**Category B:** Successfully completed a course of study equivalent to one or more of Subjects 4102, 4103, 4104

*Note:* **Categories A & B:** Exemption is not available for Subject 4101.
26. EXAM POLICY AND PROCEDURES

26.1 Exam Approach

A do-at home exam is sent to course participants with a deadline for submission normally twelve weeks after the start of the study semester. This enables the questions to be answered over a significant period of time and with tutorial assistance from ITS (Monash), BAV or other relevant industry sources. Group work is encouraged but copying is not permitted.

26.2 Telephone Contact

Questions on course or exam content should, in the first instance, be directed to the Course Leader (see page 1 for contact details). Course participants with literacy or other learning difficulties should note the special provisions as outlined in Section 26.10.

26.3 Exam Due Date

Course participants are informed of the exam due date on enrolment. It is a participant’s responsibility to submit the exam by this due date. The due date is provided to course participants in the acknowledgment letter, on the front page of the relevant exam and also on the exam cover sheet.

Course participants are advised to keep a copy of their exam answer paper.

26.4 Exam Submission

All exams with the signed Exam Cover Sheet are to be submitted via post, by the due date, to the following address:

 Administration Manager
 Institute of Transport Studies
 Department of Civil Engineering (Building 60)
 Monash University  Victoria  3800

Exams will not be accepted via email, floppy disk or fax, or if the signed Exam Cover Sheet is not attached to the exam.

26.5 Exam Receipt

A letter acknowledging receipt of exam is sent to course participants after the exam due date.

26.6 Late Submissions

Late submissions will not be accepted unless special consideration is applied for and granted.
26.7 Failure to Submit Exam

Where an exam is not submitted, it will result in a failure for that subject.

26.8 Deferrals

In exceptional circumstances enrolment in a Subject may be deferred to another semester. This will only be granted on written request up to two weeks into the semester, i.e. from the semester commencement date.

An administration fee is applicable if a course participant defers a subject more than once.

26.9 Re-submit Exam Answers

- A course participant who is near to passing a subject may be requested to re-submit any answers seen by the examiners to be unsatisfactory. Re-submission may be required where sufficient understanding of the topic has not been demonstrated, for example by not providing the details required to adequately answer the question.
- Where a course participant is deemed to have copied answers to one or more questions then all course participants involved must satisfactorily complete additional assessment to achieve a pass in the subject. An administration/assessment fee may be applied.
- A re-submit is normally only permitted once – thereafter a course participant must re-enrol in a future Semester (see Section 11).

26.10 Disadvantaged Course Participants

Should a course participant be disadvantaged through language or physical disability then special arrangements can be made to answer the exam (for example, verbally rather than in writing). Please contact the Course Leader to make an appointment to discuss the arrangements.

26.11 Special Consideration

A course participant who is either ill or suffering personal trauma (e.g. family bereavement) may apply for special consideration. Applications should be made initially by contacting the Course Leader, Transport Management Course and must be confirmed in writing, accompanied by a medical certificate or other appropriate documentation. Applications should be made before the exam due date.

26.12 Subject Results

In normal circumstances, the final results for Subject 4104 Express will be advised by email within 10 working days of submission and then posted within 10 days after this date. For Subjects 4102, 4103 and 4104, the final results will be posted to the given address within 8 (eight) weeks of the exam due date. Results will not be provided over the telephone prior to these dates.
The exam results are graded as follows:

- **Pass:**
  - Satisfactory
  - Good
  - Excellent
- **Fail**

**26.13 Copying**

Course participants are encouraged to work in Study Groups, however it is important that answers to the exam questions are expressed in your own words and reflect your own understanding of the topic and exam questions. Where answers have been copied from others, all participants involved will be required to satisfactorily complete additional assessment to achieve a pass in the subject. A fee will apply for administration and processing costs associated with the additional assessment.

**27. TWO-YEAR RULE**

Course participants must successfully complete the Transport Management Course within two years (six semesters) from the date of first enrolment. Course participants who exceed the time limit will be required to obtain permission from Public Transport Safety Victoria (PTSV) to extend the completion date.

If more than a two-year gap exists between enrolment in any subject(s) then the earlier subject(s) may be required to be re-done at full enrolment cost.

**28. CODE OF ETHICS**

The "Code of Ethics" is an appropriate set of behavioural standards which are applied to the bus and coach industry. It aims to ensure that those in the industry conduct themselves in a professional and ethical manner when dealing with their customers, members of the public and other operators at all times.

A Code of Ethics for the bus and coach industry is available in subject 4101, Topic 10, or from Bus Association Victoria (Telephone: 03 9645 3300)

**29. COURSE PARTICIPANT CONFIDENTIALITY**

Course participant enrolment or progress in the course are confidential matters that will not be discussed with third parties. Course participants enrolled in the course are advised not to request other persons to make enquiries on their behalf.
